JSJ 9

Thanks again to Will Tucker and his band I ROOTS for a fabulous show at JSJ9. They truly are an outstanding band!

Will Tucker of the I Roots band carries with him real caribbean vocals and vibes. He got his start at a young age of eight playing drums for the Boys Brigade. That was when he realized his love for music. He went on playing drums when he was a teenager with various reggae bands. After playing drums for a few years he also discovered his love for singing. So through the years he nurtured his talent by singing with different reggae bands. Will Tucker and the I Roots band plays standard reggae, ska, soca, calypso, and other caribbean styles. Check out IROOTS website!
